

**Whitechapel
Village Hall**

Weddings at Whitechapel Village Hall

Situated on the edge of the Forest of Bowland, Whitechapel Village Hall has stunning views to Beacon Fell and the Fylde. This venue is perfect for weddings of all sizes, with the ability to book both halls, the venue as a whole package can accommodate 300 people.

With the ability to close off both halls the Village Hall is a venue that can be transformed for your special day. The neutral decor makes the hall easy to decorate and has the facility to install lining to create an effect of an indoor marquee; the halls have been transformed for many corporate events and weddings.

The in house private bar can be hired as part of your event.

We have a range of 5ft circular tables that will seat 8 - 10 people and rectangular trestle tables that seat 6 - 8 people, chairs and benches can also be hired alongside these.

The Village Hall has a built in stage and can also accommodate bands, singers or DJ's. The venue also comes with a large private car park. Kitchen facilities on site are available and outside catering is permitted.
